DEAR COLLEAGUES, DEAR FRIENDS,

It is now a great honor and privilege to welcome you all to the 13th EANO meeting, here in Stockholm, Sweden, from 10 - 14 October, 2018. We are looking forward to an educational and inspirational meeting with the ultimate goals of improving the life of patients strucken by a brain tumour.

Stockholm with Karolinska Institute, as one of several universities in Sweden, and the Nobel Price is dedicated to excellent basic, translational and clinical cancer research. Stockholm is an attractive capital that offers something for everyone: culture, nature, indulgence and an excellent infrastructure. Furthermore, the great transportation network in Sweden and to the whole Nordic area gives the possibilities to taste an interesting and beautiful part of Europe.

The whole EANO programme from beginning to end, has a lot to offer attendees from various backgrounds. Whether you as an individual are a clinician, a scientist, a nurse, from other professions or a patient advocacy group, and whether you are new to brain tumours or very experienced, you will find presentations that increase your knowledge. Most valuable, the speakers are from many countries and institutions with a plethora of experiences which fruitfully will contribute to make the EANO 2018 a successful meeting.

We really hope that this meeting will be something to inspire the future collaboration and research in the field of neuro-oncology, and that we all acknowledge the need of both top research and of diversity even in the field of science.

We wish you a pleasant time.

Welcome to Stockholm and the EANO meeting 2018!

All the Best,

Roger Henriksson

ACCREDITATION & FUTURE MEETINGS

CME CREDITS

The 13th Meeting of the European Association of Neuro-Oncology, Stockholm, Sweden, October 10 - 14, 2018 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 25 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation* at the event once he/she has completed the post-congress evaluation form. (Cf. criteria 9 and 23 of UEMS 2016.20)

The EACCME® credit system is based on 1 ECMEC® for one hour of CME with a maximum of 8 ECMEC®s per day.

*Please get your badge scanned every day at the registration desk. The Certificate of Attendance will indicate the number of CME credits that correspond with your badge scans.

Chairs: Ingela Oberg, Cambridge/UK; Lena Rosenlund, Stockholm/SE
13:30 – 14:00 Whole-person care and neuro-oncology
Ros Taylor, Hertfordshire/UK
14:00 – 14:30 Caring for the caregiver
Margaretta Page, San Francisco/US
14:30 – 15:00 Quality of care in adolescents and young adults (AYA) with cancer
Jane Robson, Cambridge/UK
15:00 – 15:30 Coffee break

15:30 – 17:15 Nurse Education 4
Chairs: Ingela Oberg, Cambridge/UK; Lena Rosenlund, Stockholm/SE
15:30 – 16:30 Managing patient and caregivers expectations
Helen Bulbeck, Cowes/UK
16:30 – 17:00 Different voices of patients and spouses in cases of malignant glioma
Pär Salander, Umeå/SE
17:00 – 17:15 Closing remarks & discussion
Ingela Oberg, Cambridge/UK; Lena Rosenlund, Stockholm/SE; Karin Piil, Copenhagen/DK
18:00 – 20:00 Networking Event in the Stockholm City Hall
FRIDAY, OCTOBER 12

EANO MEETING

Friday, October 12

08:00 – 08:55 Wake up Session 1 – Controversies in non-surgical treatment
Room: A3+A4
Chairs: Elizabeth Cohen-Jonathan Moyal, Toulouse/FR; Anja Smits, Gothenburg/SE
08:00 – 08:17 Proton therapy or gamma knife or stereotactic linacc
Petra Witt Nyström, Uppsala/SE
08:17 – 08:34 Clinical applications of PET in brain tumor patients
Norbert Galldiks, Cologne/DE
08:34 – 08:51 Optune when to use and when not?
Andreas Hottinger, Lausanne/CH

08:00 – 08:55 Wake up Session 2 – Controversies in surgery
Room: A2
Chairs: Göran Hesselager, Uppsala/SE; Colin Watts, Birmingham/UK
08:00 – 08:17 The solitary metastasis: surgery or SRS?
Florence Lefranc, Brussels/BE
08:17 – 08:34 Unexpected residual disease: should we go back in before starting radiotherapy?
Philippe Schucht, Bern/CH
08:34 – 08:51 The incidental meningioma: should we operate or should we observe?
Michael Jenkinson, Liverpool/UK

08:00 – 08:55 Wake up Session 3 – Controversies in basic science
Room: C1-C3
Chairs: Geoffrey Pilkington, Ryde/UK; Guido Reifenberger, Düsseldorf/DE
08:00 – 08:17 Epigenetic heterogeneity of gliomas
Helena Carén, Gothenburg/SE
08:17 – 08:34 Long-non-coding RNAs in brain tumor pathogenesis
Marc Remke, Duesseldorf/DE
08:34 – 08:51 Genetic drivers of rare brain tumor entities
Marc Sanson, Paris/FR

09:00 – 10:20 Meet the expert Session 1 – Update in the management of adult high-grade glioma
Room: A3+A4
Chairs: Carmen Balaña Quintero, Barcelona/ES; Ulrich Herrlinger, Bonn/DE
09:00 – 09:20 Important markers in the decision making
Martin van den Bent, Rotterdam/NL
09:20 – 09:40 Diagnosis and treatment
Sara Kinhult, Lund/SE
09:40 – 10:00 Supportive care in the short term and long term from a medical and supportive care view
Robin Grant, North Berwick/UK
10:00 – 10:20 What next?
Olivier Chinot, Marseille/FR
FRIDAY, OCTOBER 12

09:00 – 10:20 **Meet the expert Session 2 – Clinical psycho-neuro-oncology**  
*Room: A2*  
**Chairs:** Karin Gehring, Tilburg/NL; Pär Salander, Umeå/SE  
09:00 – 09:20 Hope work is facilitated by the establishment of a helping plan  
Pär Salander, Umeå/SE  
09:20 – 09:40 Psychiatric symptoms and emotional distress in cases of brain tumours  
Ally Rooney, Edinburgh/UK  
09:40 – 10:00 Endpoints in brain tumor clinical trials and their value in clinical care  
Linda Dirven, Leiden/NL  
10:00 – 10:20 Rehabilitation of cognitive deficits in brain tumors  
Karin Gehring, Tilburg/NL

09:00 – 10:20 **Meet the expert Session 3 – Molecular and cellular biology of brain tumors**  
*Room: C1-C3*  
**Chairs:** Silvia Marino, London/UK; Lene Uhrbom, Uppsala/SE  
09:00 – 09:25 Molecular mechanisms driving glioma recurrence  
Guido Reifenberger, Duesseldorf/DE  
09:25 – 09:50 Metabolic alterations driving glioma pathogenesis  
Sevin Turcan, Heidelberg/DE  
09:50 – 10:15 Lessons learned from platelet RNA  
Nik Sol, Amsterdam/NL

10:20 – 10:50 Coffee break

10:50 – 12:45 **Oral Session 1 – Basic science and pathology**  
*Room: A3+A4*  
**Chairs:** Håkan Hedman, Umeå/SE; Simon Niclou, Luxembourg/LU  
10:50 – 11:15 Key Lecture  
Simon Niclou, Luxembourg/LU  
11:15 – 11:27 Role of RNU6-1 isolated from circulating exosomes as a differential biomarker for GBM versus non-neoplastic brain lesions and PCNSL  
Montserrat Puigdelloses, Pamplona/ES  
11:27 – 11:39 Stability of EGFR amplification in glioblastoma is differentially impacted based on therapeutic pressure  
Manmeet Ahluwalia, Westlake/US  
11:39 – 11:51 Clinical significance of plasma EVs in glioblastoma patients  
Massimiliano Del Bene, Milan/IT  
11:51 – 12:03 Induction of mitotic cell death: a novel therapeutic strategy for glioblastoma  
Natividad Gomez-Roman, Glasgow/UK  
12:03 – 12:15 Harnessing soluble LRIG1 for pan-RTK targeting in glioblastoma  
Virginie Neirinckx, Luxembourg/LU  
12:15 – 12:27 Characterizing the over-expression of Yki/YAP/TAZ transcription factors in gliomagenesis and results of a phase 0 clinical trial for a proposed novel treatment of glioblastomas  
Krishanthan Vigneswaran, Atlanta/US  
12:27 – 12:39 Genomic attributes of tumor evolution and treatment response in diffuse glioma  
Andrew L. Lin, New York/US

FRIDAY, OCTOBER 12

10:50 – 12:45 Concurrent Session – Nursing perspective
Room: C4
Chairs: Anders Hansen, Odense/DK; Mary Lovely, San Francisco/US

10:50 – 11:07 A 12-week interdisciplinary rehabilitation trial in patients with gliomas – a feasibility study
Anders Hansen, Odense/DK

11:07 – 11:24 Patients’ and health care’s perspectives on the increasing use of complementary and alternative medicine (CAM).
Kathrin Wode, Stockholm/SE

11:24 – 11:41 Patient reported outcomes of the brain tumour quality registry
Lena Rosenlund, Stockholm/SE

11:41 – 11:58 Milton Marks Family Camp
Mary Lovely, San Francisco/US

Rocio Fernandez Mendez, Cambridge/UK

12:15 – 12:32 Ketogenic diet – fact or fiction?
Michael Jenkinson, Liverpool/UK

12:50 – 14:20 Corporate Lunch Symposium
Room: A2

12:50 – 14:20 Lunch break

14:30 – 14:45 Welcome and presidential address
Room: A3+A4
Roger Henriksson, Umeå/SE; Wolfgang Wick, Heidelberg/DE

14:45 – 15:25 Opening Lecture
Room: A3+A4
Chairs: Roger Henriksson, Umeå/SE; Wolfgang Wick, Heidelberg/DE
Brain Tumor Classification – From WHO 2016 to current status and beyond
Andreas von Deimling, Heidelberg/DE

15:30 – 16:55 Plenary Session 1 – Immunogenicity and immunotherapy
Room: A3+A4
Chairs: Gaetano Finocchiaro, Milan/IT, Tobias Weiss, Zurich/CH

15:30 – 15:50 Preclinical aspects of immunogenicity in gliomas
Michael Platten, Mannheim/DE

15:50 – 16:10 Clinical aspects on immunotherapy targets in glioma
Michael Weller, Zurich/CH

16:10 – 16:30 CAR T-cell therapy of brain tumours: status quo and quo vadis?
Bryan Choi, Boston/US

16:30 – 16:50 Practice aspects for todays neuro-oncology
Gaetano Finocchiaro, Milan/IT
**FRIDAY, OCTOBER 12**

**15:30 – 16:55**  
**Plenary Session 2 – Nurse session**  
**Room: A2**

*Chairs: Ingela Oberg, Cambridge/UK; Joachim Steinbach, Frankfurt/DE*

- **15:30 – 15:50**  
  Goings-On - a personalized monitor app for patients and families  
  *Petra Hoogendoorn, Weesp/NL*

- **15:50 – 16:10**  
  Use of intraoperative neuromonitoring in modern neurosurgery  
  *Oliver Schnell, Freiburg/DE*

- **16:10 – 16:30**

**19:00 – 22:00**  
**Youngsters Networking Event in the Conference Lounge in the Radisson Blu Royal Viking**
SATURDAY, OCTOBER 13

Saturday, October 13

08:00 – 08:55  Wake up Session 4 – Novel approaches of molecular tumor classification  
Room: A3 + A4  
Chairs: Max Kros, Rotterdam/NL; Silvia Marino, London/UK

08:00 – 08:17  Alternate approaches to grading of IDH-mutant astrocytoma  
Andreas von Deimling, Heidelberg/DE

08:17 – 08:34  Novel approaches based on Nanopore Sequencing  
Philipp Euskirchen, Berlin/DE

08:34 – 08:51  Novel radiogenomic approaches for glioma diagnostics  
Alexander Radbruch, Heidelberg/DE

08:00 – 08:55  Wake up Session 5 – Trial design and outcome measures  
Room: A2  
Chairs: Annika Malmström, Linköping/SE; Michael Weller, Zurich/CH

08:00 – 08:17  Molecularly informed trial designs (umbrella/basket trials)  
Wolfgang Wick, Heidelberg/DE

08:17 – 08:34  Patient centered outcome  
Roger Henriksson, Umeå/SE

08:34 – 08:51  Near – randomised studies – a valuable tool in neuro-surgery studies  
Ole Solheim, Trondheim/NO

08:00 – 08:55  Wake up Session 6 – Enhancing patient care  
Room: C1-C3  
Chairs: Linda Dirven, Leiden/NL; Lena Sharp, Stockholm/SE

08:00 – 08:17  Early palliative care  
Andrea Pace, Rome/IT

08:17 – 08:34  Neuropsychology: enhancing patient care  
Florien Boele, Leeds/UK

08:34 – 08:51  Mood and behaviour disorders  
Ally Rooney, Edinburg/UK

09:00 – 10:20  Meet the expert Session 4 – CNS Metastasis: from basic science to clinical trials  
Room: A3 + A4  
Chairs: Sara Kinhult, Lund/SE; Riccardo Soffietti, Turin/IT

09:00 – 09:20  CNS Metastasis: molecular pathways to clinical trials  
Riccardo Soffietti, Turin/IT

09:20 – 09:40  Tumor invasion  
Rolf Bjerkvig, Bergen/NO

09:40 – 10:00  Molecular divergence how to approach?  
Priscilla Brastianos, Boston/US

10:00 – 10:20  How to optimize imaging for the evaluation of responses to treatments?  
Marion Smits, Rotterdam/NL

ORAL PRESENTATIONS

PUBLICATION OF ABSTRACTS

Please note that your work will be published online on the website of the journal “Neuro-Oncology” and on the EANO website.

INFORMATION FOR ORAL PRESENTERS

The preview centre is located in the Room 27.

SPEAKING TIME

The chairpersons of your session will be strict in allowing no more than the time allotted to your paper. Remember to allow some time for the changeover of speakers and chairperson’s introduction, and for questions and discussion. Please rehearse your talk to make sure it will fit comfortably into the available time.

Please note that, as a rule, presenters can show a (final) slide with all acknowledgements, however, in view of the short time available, names cannot be read to the audience.

Please see the detailed programme for any time changes.

COMMERCIAL DISCLOSURE INFORMATION

Due to EACCME regulations, authors are requested to disclose possible conflicts of interest on the first slide.

A conflict of interest is any situation in which a speaker or immediate family members have interests, and those may cause a conflict with the current presentation. Conflicts of interest do not preclude the delivery of the talk, but should be explicitly declared. These may include financial interests (eg. owning stocks of a related company, having received honoraria, consultancy fees), research interests (research support by grants or otherwise), organisational interests and gifts.

If you have nothing to disclose, please state “I have no commercial disclosure”.

AWARDS FOR BEST ORAL PRESENTATIONS

The EANO proposes awards for the best oral presentations at the meeting.

• The Vienna Medical Academy Award for the best oral presentation for clinical aspects.
• The EANO Presentation Award for the best oral presentation for preclinical aspects.
• The EANO Presentation Award for the best oral presentation in nursing perspective.

All three winners will receive a money price of EUR 500,-. The EANO Scientific Committee has selected a number of candidates for the Oral Presentation Awards based on their submission after peer review.
ORAL PRESENTATIONS

PROJECTION AND TECHNICAL SETTING

PowerPoint is the only communication tool available in all session halls. The preview centre is located in the Room 27.

1. Speakers are kindly asked to observe that only computers provided by the congress may be used for showing your presentations. All PowerPoint presentations must be handed in at the preview centre.
2. All presentations are loaded into a PowerPoint handling system that will store and distribute your presentation to the session hall in time for your session.
3. All PowerPoint presentations should be handed in at least 2 hours before the session starts.

   The opening hours of the preview room are as follows:
   - Wednesday, October 10: 15:00 – 19:30 hrs
   - Thursday, October 11: 08:00 – 17:30 hrs
   - Friday, October 12: 07:30 – 18:15 hrs
   - Saturday, October 13: 07:30 – 18:30 hrs
   - Sunday, October 14: 08:15 – 12:45 hrs
4. Please check your presentation carefully on the preview room computer assigned by the staff before the final sign off.
5. The professional staff of the preview centre will load your presentation into the system so that it will be available on the computer in your session hall when you come to speak.
6. If you are doing more than one speech during the congress, you may upload all your presentations at the same time and they will be sent to their corresponding session halls at the time of your sessions.
7. The PowerPoint handling and distribution system is optimized for MS PowerPoint (last version) and *.pdf (Adobe Acrobat)-files. The uploading of „DVD-Movies“ is not supported.
8. The supported data media are: CD, DVD (as Data-storage-medium) and USB-Memory Key.
   You may want to carry a second key/CD as a back-up in case there is any insoluble technical problem. All needed files (including the movie files!) - have to be saved on the data media.
   Presentations can also be taken off speakers notebooks at the Preview centre.
9. The fonts that are used in the presentations should be “Latin-based fonts”. If the speaker needs special fonts, they should be stored as “embedded fonts” with the presentation (File -> save as “name of presentation” and under “tools” ->save options mark the checkbox “embed True type fonts” and select “embed all characters”).
10. When using mathematical symbols please use these which are available under Latin fonts (unicode or DOS: Western Europe). These can be shown without any problems in Office 2007.
11. As format for embedded movies “MPEG2 - movies” are preferred (but can also be *.avi, *.wmv ). If Codecs are used, the Code package Divx in the current version, which can be found under www.divx.com, should be chosen.
12. Presentations should be saved as “*.ppt", “*.pptx" ( = PowerPoint) or “*.pps",*.ppsx" (=PowerPoint Slideshow) - file and movies as separate files on the data media.
13. The computers and projectors will be set up and optimised for 1920 x 1080 resolution (ratio 16 : 9).

These guidelines should be seen as a matter of improving the effectiveness of the preview system and in consequence also the speakers comfort.

The updated NCCN Clinical Practice Guidelines in Oncology (NCCN Guidelines®) for Central Nervous System Cancers now include alternating electric field therapy (Optune) in combination with temozolomide (TMZ) following maximal safe resection and standard brain radiation therapy with concurrent TMZ as Category 1 recommended treatment option for patients with newly diagnosed supratentorial glioblastoma (GBM) and good performance status.*

There is uniform NCCN consensus for this recommendation based on high-level evidence.

4. Patient-reported data collected per EORTC QLG-C30 at baseline and Months 3, 6, 9, and 12. The 30-question survey covered 5 daily-functioning domains (Physical, Role, Social, Emotional, and Cognitive).

* The NCCN defines good performance as Karnofsky Performance Score (KPS) ≥60. The trial for which the IFU is based used an eligibility criteria of KPS ≥70.

STOCKHOLM
Stockholm is located where the Baltic Sea meets Lake Mälaren and stretches across fourteen islands connected by 57 bridges, earning the Swedish capital the nickname „Beauty on the Water“. Stockholm is an attractive capital that offers something for everyone: culture, nature, indulgence and an excellent infrastructure. Furthermore, the great transportation network in Sweden and to the whole Nordic area gives the possibilities to taste an interesting and beautiful part of Europe. It hosts the annual Nobel Prize ceremonies and banquet at the Stockholm Concert Hall and Stockholm City Hall.

SAFETY – CRIME

Stockholm remains a relatively safe, secure city. However, use of common sense is (always) required, as in any large city. Experience has shown that some basic precautionary measures should always be kept in mind in any city:

- Do not carry important items like flight tickets, passports etc. with you when visiting the conference or strolling through the city, leave them in the hotel safe during your stay. Rather carry a copy of your passport or an identity card with you.

- Try not to carry all documents, money, credit cards and other essential items and valuables in one bag or purse. If it is lost or stolen, everything will be gone and might be difficult to replace on short notice, especially passports and visa to return to your country of residence.

- Take off your name badge when leaving the conference centre.

- In heavily frequented tourist zones and the metro at rush hour, be aware of attempts of scam and pickpocketing.

- Do not respond to anybody unknown to you who comes up to you on the street engaging you in a conversation, no matter how safe they appear to be.
### GENERAL INFORMATION

#### SHOPS

Shops in Stockholm are normally open on Monday to Friday from 09:00 until as late as 18:00 and from 10:00 until 15:00 or later on Saturdays. However, an increasing number of stores are now choosing to open on Sundays and extend their hours during the week.

#### SITE SEEING IN STOCKHOLM

The most important sights such as the Old Town (Gamla Stan), Djurgården (island), the different gardens and parks, the beautiful monuments are all located in the centre of Stockholm. There are also many museums such as the Vasa Museum, ABBA Museum, the Swedish National Museum... There is an Oper, a lot of different restaurants and café where you can have a hot drink.

#### SMOKING POLICY

The EANO 2018 is officially a “No-smoking-Conference”.
Note that smoking is banned in public buildings, restaurants and bars.

#### STAFF

Should you have any questions; the conference staff recognisable by a neon yellow lanyard will be pleased to help you.

#### TAXIS

Taxi prices are not regulated in Sweden; they may vary greatly. It is the customer’s responsibility to check prices beforehand. Check the price on the yellow-and-white label, which is usually on the rear door window, before entering the vehicle.

View available taxi companies here: [www.visitstockholm.com/good-to-know/taxi/](http://www.visitstockholm.com/good-to-know/taxi/)

#### TELEPHONE CALLS

The country code of Sweden is 46 and the Stockholm city code is 8.

#### TIPPING

Tips are not obligatory, but they are welcome. It is customary to round up to the nearest whole number (for example, the bill is 280 SEK, so you round up to 300 SEK).

TRAVELLING - GETTING TO STOCKHOLM

By plane:
There are four airports with international traffic to and from Stockholm. The main airport is Stockholm Arlanda, located 40 km north of the city. There is a direct train going to the Stockholm Central Station: the “Arlanda-Express” (Departs every 15 min during the day and every 30 min during the night. The journey takes 20 minutes). There are also bus companies (Flygbussarna Airport Coaches or Flixbus).
The other airports are Bromma Airport (connection to the city with local buses), and Västeras and Skavsta, two airports located 100 km from Stockholm (connection to the city with Flygbussarna Airport Coaches).

By train:
Stockholm Central Station is the main railway station in the city of Stockholm and the largest railway station in Sweden. The Stockholm Central Station is located in the city centre. More than 200,000 travellers transit through the station daily, making it one of the busiest railway stations in Scandinavia. The station has all the facilities and services of a modern railway station. www.jernhusen.se

By bus:
Diverse bus companies offer bus trips to Sweden. With Eurolines, GoEuro or Flixbus you travel relaxed and cheaply from Berlin, Copenhagen, Milan, Turin, Rome, Vienna, Paris, London, Helsinki, Oslo and other cities to Stockholm. Buses arrive to Stockholm City Terminalen near to the Stockholm Central Rail station. The Stockholm Old Centre is 15 min by feet (Gamla Stan) and the Central Rail Station is in the centre of the city.

V.A.T.
The standard V.A.T. rate in Sweden is 25%.

** PhD Students, residents and trainees: Please provide a copy of a Student’s ID or a confirmation signed by the head of department at the moment of your registration. Confirmations handed in at a later stage cannot be considered.

Please note:

Pre-registration without payment of the registration fee is possible. The onsite fee will then have to be paid at the registration desk (Credit card or cash).

What is covered by the registration fee?

- Admission to all scientific sessions
- Admission to exhibition
- Admission EANO Networking Event (free of charge but registration is mandatory!)
- Final programme
- Coffee/tea during breaks
- Light lunch
**EANO – SNO Brain Tumor Club, October 10, 2018**

What is a Brain Tumor Club? In our view, this would be the chance for all scientists to orally present their basic and translational research in a short format with lots of opportunity to discuss and interact with peers that are mainly lab-based and therefore do only in part represent the usual attendance of EANO.

**Registration Fees**

- Regular registration: EUR 100,-
- Reduced registration fee (for PhD Student, Resident, Trainee, Nurses, AHPs): EUR 50,-

Admission to the Special Lecture & Get Together on Wednesday October 10, 2018 is included.

**EANO-EORTC Educational Day, October 10-11, 2018**

The EANO Educational Course is done in collaboration with the EORTC and shares the format of the well perceived EANO/ESMO/EORTC training course. The course will be in English and will feature a series of well-known international experts in the field on all topics relevant for a detailed introduction to or update on neuro-oncology. The concept of the course allows all PhD students or residents to get a full insight into modern neuro-oncology.

If you wish to attend the Educational Day, please note that it is **NOT** included in the registration fee of the EANO 2018 Meeting. The Educational Day is subject to additional registration and costs.

CANCELLATIONS AND REFUNDS

Notice of cancellation must be made in writing by email or fax to the congress office.

Registration fees may be refunded as follows:

Written cancellation received:

- Within 48 hrs of credit card payment (until January 1, 2018): Full refund
- before July 22, 2018: 75% refund
- between July 23 and August 31, 2018: 25% refund
- after August 31, 2018: no refund

The date of receipt of the email or fax ID was the basis for considering refunds. Refunds will be made after the congress to your bank account.

The cancellation will not be effective until a written acknowledgement from the EANO 2018 Registration Department is received.

In the case of over-payment or double payment, refund requests must be made in writing and sent to the EANO 2018 Registration Department by email.

No refunds will be granted for unattended events or early termination of attendance, in case of cancellation of speakers, lack of space in the lecture room or any other incidents during the meeting, which are beyond the control of the meeting organisers.

No exceptions to the refund policy can be made, including health or family issues, however, we welcome substitute delegates at any time. By registering to the EANO 2018 participants agree that neither the organising committee nor the organising office assume any liability whatsoever. Participants are requested to make their own arrangements for health and travel insurance. The conference fee does not include insurance.
The European Association of Neuro-Oncology gratefully acknowledges the support of the following institutions, companies and organisations (as per date of printing).
