Dear EANO members, colleagues and friends,

Welcome to the **20th Meeting of the European Association of Neuro-Oncology (EANO 2025)** in **Prague, Czech Republic**. The meeting will start with an **Educational Day on Thursday, October 16** and the **main program will commence on Friday, October 17**. EANO is honored that this anniversary meeting will be held for the first time in the Czech Republic. Prague's stunning architecture and rich history, captivating ambiance and world-class facilities provide an inspiring backdrop that will foster creativity and collaboration as well as impactful discussions over the next 4 days.

The unique interdisciplinary setting of the EANO annual meeting will cover basic, translational and clinical sciences across disciplines to bridge critical gaps in our understanding and management of central nervous system tumours. This year's meeting will also embrace the patients' perspective through EANO's newly formed Brain Tumor Advocacy Committee.

During the congress, speakers from across the globe will present the latest clinical trial outcomes, highlight key innovations in neuro-oncology as well as advances in basic and translational science and will discuss how to promote patient care. **Key topics of the 2025 meeting** include advanced therapies, novel therapeutic targets, artificial intelligence and data sharing, and quality of life issues including fertility and pregnancy. With multiple sessions organized jointly with sister societies, there is a strong emphasis on international and interdisciplinary collaboration.

Enjoy Europe's largest neuro-oncology congress with participants from all over the world!

POSTER PRESENTATIONS

Poster viewing with authors

Posters have been divided into two separate poster viewing with authors sessions. Both poster numbers for both groups will be shown on the poster boards. The first poster number indicates the poster presented during the first poster session on Friday, the second poster number indicates the poster presented during the second poster session on Saturday.

Poster Viewing with authors Session I (Group A):

Friday, October 17, 18.00 - 19.30 hrs

- Posters will be on display on Friday, October 17
- Poster mounting: Friday, October 17 as of 07.30 hrs
- Poster removal: Friday, October 17 from 19.30 - 19.45 hrs

Poster Viewing with authors Session II (Group B):

Saturday, October 18, 17.00 - 18.30 hrs

- Posters will be on display on Saturday, October 18
- Poster mounting: Saturday, October 18 as of 07.30 hrs
- Poster removal: Saturday, October 18 from 18.30 - 18.45 hrs

E-Posters

A selected number of e-posters will be displayed on e-poster terminals in the poster area from Friday, October 17 (07:30 hrs CEST) to Saturday, October 18 (18:30 hrs CEST). These are not part of a scheduled discussion session. Please make use of the contact details provided on the e-posters.

The ACTION Study

For healthcare professionals with patients who may be eligible for the Phase 3 ACTION Study. Learn more about how you can help advance treatment for H3 K27M-mutant diffuse glioma.

chimerix.com

This investigational drug is currently undergoing clinical development and has not been approved for sale by European Regulatory Health Authorities.

The H3 K27M mutation occurs in both pediatric and adult patients with glioma^{1,2}

The ACTION study (NCT05580562) is a randomized, double-blind, placebo-controlled, parallel-group international Phase 3 trial of patients with newly diagnosed, H3 K27M diffuse glioma after completion of radiotherapy.

Eligibility Criteria

- H3 K27M-mutant diffuse glioma, H3 K27M mutation by IHC or NGS
- ≥ 10 kg body weight
- Completed radiotherapy within 2 to 6 weeks prior to randomization
- KPS/LPS ≥ 70
- Stable or decreasing corticosteroids and anti-seizure medication for seven days
- Not eligible: Spinal tumors, DIPG, leptomeningeal spread, CSF dissemination

1:1 Randomization (2–6 weeks post RT)

Twice-weekly (625 mg)

Once-weekly (625 mg)

Placebo

Eligibility will not be restricted based on age, provided patients are ≥ 10 kg.

Primary Outcomes:

- Efficacy: OS, PFS

Study Status:

- ACTION is open at more than 140 centers globally and is enrolling throughout Europe, Israel, South America, and Asia-Pacific.
- An up-to-date list of study sites is available at clinicaltrials.gov (NCT05580562).
- Contact clinicaltrials@chimerix.com for more information.

Congress policy

Badges

Permission to the congress (scientific sessions, exhibition and poster area) is only permitted to registered participants. Therefore, wearing your badge throughout the entire congress is mandatory!

Language

The official language of the congress is English (no simultaneous translation available).

CME Credits

As in previous years, the European Association of Neuro-Oncology has applied for accreditation from the European Accreditation Council of Continuing Medical Education (UEMS EACCME®) in order to provide participants with the possibility of obtaining **CME credits** at the congress. The accreditation is still pending at the time of printing this programme. Please see the EANO 2025 website for the latest updates: www.eano.eu/eano2025/myconference/cme-credits/

Certificate of attendance

Confirmations of attendance will be issued via email to all participants after the congress.

Catering

During the morning **coffee breaks**, refreshments (coffee, tea and snacks) will be served free of charge to participants wearing name badges in the exhibition area.

During the **lunch breaks**, a light lunch as well as coffee and tea will be offered free of charge to participants wearing name badges in the exhibition area.

Water, coffee and tea will be provided for free during the day in Forum Hall Foyer 2. Two water fountains to refill bottles are available on the Ground Floor and 2nd floor.

Smoking Policy

The EANO 2025 is officially a no-smoking-congress.

Sustainability

The EANO is committed to environmental sustainability, a responsible use of resources and sustainable congress materials. The organizer therefore asks you to keep these aspects in mind, e.g. by using public transport to get to the venue and networking events, bringing your own water bottle to the congress and by using the existing possibilities for waste separation.

Focused and innovative player developing targeted therapies to treat cancer

Cancer causes more than one in six of all deaths, making it the second leading cause of death in the world, and numbers are on the rise. To address the growing need for therapeutic solutions, we have made oncology one of our priority innovation areas.

We invest close to 70% of our R&D budget in oncology, **with a view to becoming a focused and innovative player in rare cancer treatments.**

Discover Servier activities in oncology through our website

NETWORKING EVENTS

Please note that the number of participants for all networking events is limited and advance registration is mandatory for each event. Check ticket availability at the registration desk.

Admission will only be granted with a valid ticket. For the Welcome Reception and EANO Evening bring your congress badge to be scanned at the entrance.
